

PROSPECTUS CONFERENCES 2024

WE CREATE MEETINGS
THAT REALLY MATTERS

HELPING US TO SUCCESSFULLY CREATE THE PROGRAMME OF EVENTS ARE EXPERTS FROM CSO COUNCIL, CYBER WOMEN COMMUNITY AND ISSA POLSKA.

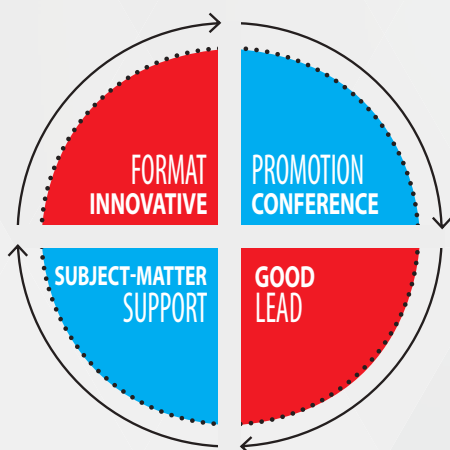

ABOUT PROJECTS

At Evention, we treat business events as an integral and difficult to-exchange element of building relationship and improving the effectiveness of these relationships between companies and the people who create them. We have organised numerous conferences and customs meetings, relying on the years of an experience, a lot of participants and partners.

Creating successful conferences are a part of our DNA.

We are looking for innovative forms of meetings, so that they meet the current aspirations, expectations and needs of partners and participants.

WHY BECOME A PARTNER?

- › We will help you to achieve your business goals more effectively
- › We will organise a valuable meeting that delivers a return on your investment
- › We will propose an original, out-of-the-box and unique format of the meeting
- › We guarantee a high content level of the program and the best speakers, based on our knowledge, relations and experience gained during the implementation of many business meetings
- › We will adjust the participant's profile to the specifics of the topic and take care of the presence of those you care about the most
- › We create each offer individually, based on the suggestions and needs of our partners

WHY US?

We are straightforward. Time spent on our conferences and community meetings are guaranteed to be valuable. The best **experts** in the field of security take care of the content.

The organizers provide **various forms of active participation in the entire conference**, including the organization of 1: 1 online meetings with selected conference / community participants. We receive high ratings from participants and partners every year.

Partnership with us equals **building and developing** a network of contacts.

Additional benefits are: **executive lunches and closed meetings** with eminent experts.

Community members have the option to earn **CPE education credits** for certification.

**FEBRUARY
2024**

6 JUNE 2024
 ONLINE WORKSHOPS – PLATFORMA ZOOM

Strategiczna rola i miejsce danych w cyfrowej organizacji

The new edition of the iconic conference for all data professionals. In response to the demands of participants and partners again as one annual event, it brings together all perspectives of the of the strategic role of data in a digitalising organisation - this time with even more participants and parallel tracks.

2nd edition of the CDO FORUM AWARDS. In the CDO LEADER OF THE YEAR category, we will recognize those top professionals in the field of data management who are leading outstanding projects and are an inspiration to others. In the CDO PROJECT OF THE YEAR category, we will recognise ventures and initiatives that have unequivocally addressed the field of data and data management, with spectacular and inspiring results for the market.

The conference is aimed at: Chief Data Officers or those functionally fulfilling the role of CDO, managers from technology, business and innovation/strategy departments in large data-intensive organisations, CIOs and IT directors, as well as those responsible for the areas of data analysis and data-driven value and product building in HR, finance, sales, customer service and marketing. CDO Forum 2024 will be a continuation of the CDO Forum: Data Management & Governance and CDO Forum: Data Analytics & Value.

OCTOBER
2024

AI Summit Poland 2024

9 OCTOBER 2024
 ONSITE CONFERENCE / CONFERENCE CENTER LEGIA WARSAW
10 OCTOBER 2024
 ONLINE WORKSHOPS

The AI Summit Poland conference will be a meeting place for the entire AI market in Poland. We need better cooperation at the national level, improvement of competences and exponential growth of implementations in Polish organisations. Our conference aims to help bring us closer to achieving these goals - combining the business perspective of AI with its technological foundation. The conference will bring together, on the one hand, professionals and experts dealing with the solutions of AI and ML (within 3 thematic tracks), on the other hand, representatives and managers of digitizing companies and state institutions open to innovation (within 2 tracks).

Our country is known for its skilled workforce rich in technological competence, and the ecosystem of AI companies is striving to conquer global markets. This is an extraordinary growth opportunity - to modernise our economy with AI and strengthen our position as a provider of artificial intelligence.

The conference is aimed at
 all practitioners - Data Scientists, Software Developers, Machine Learning Experts, DevOps Engineers, and Managers who want to implement AI solutions into their companies.

Planned number of participants

300-350 participants

THE CDO FORUM CLUB IS AN EXPERIENCE SHARING PLACE FOR DATA PROFESSIONALS WHO IN THEIR ORGANIZATIONS ARE THE INITIATORS OF RESPONSIBLE APPROACH TO THE DATA ISSUES. THEIR ROLES AND SCOPE OF RESPONSIBILITIES IS INCREASING IN TIMES OF THE SPEEDING UP DIGITAL TRANSFORMATION.

A growing number of companies are creating dedicated data structures linked to business departments and technology. The business strategy is linked to the data strategy. The task of the CDO FORUM CLUB is integration of the environment, building a platform for the exchange of knowledge and experience as well as networking among Chief Data Managers and other responsible persons in large companies and institutions operating in Poland. We offer a space that has so far been lacking in Poland, which allows data managers to professional talks, building relationships and access to unique knowledge and experiences.
